## SPECIAL RULES

### **Inomarochnikiy Tankovy Batalon HQ (Guards) - p.62**

A Command Komissar Team is both a Unit Leader and a Komissar Team and follows all the rules for both.

A Company Command Komissar Team is both a Commander and a Battalion Komissar Team and follows all the rules for both. So a Company Command Komissar team may re-roll a Motivation test first as a Commander before attempting a re-roll as a Battalion Komissar Team.

A Turret-front MG has an all-round Field of Fire, but cannot fire at the same time as the vehicle's Main Gun.

A Turret-rear MG may not shoot.

In an Assault, if hit by an Infantry or Gun Team the Team that Hit must re-roll its successful Skill Test to hit.

Bailed Out Tank Teams cannot use the Turret-rear MG rule.

Battalion Komissar Team uses the Commander's Leadership rule on pages 38, 42, 58, and 60 of the rulebook.

Guns and machine-guns mounted in Deck Turrets have an all-round Field of Fire, except where their rotation is blocked by the vehicle's superstructure. Ignore the facing of Deck Turrets when determining if a shot hits the Front or Side armour (see page 36 of the rulebook).
