## SPECIAL RULES

### Compagnia Carri HQ - p.29

#### 8 Million Bayonets

To reflect the variable quality of Italian officers, Italian platoons are rated as Regular, Elite, Artillery, or Libyan. After deployment, but before the first turn, roll a die for each Unit and consult the Early-war 8 Million Bayonets table (page 27 of Hellfire and Back) to determine their Training and Motivation characteristics.

#### Avanti

Italian Units pass Motivation Tests for a Follow Me Movement Order on a 3+.

#### Heroism

When your Formation (company) has an Italian Unit Leader Team Destroyed by enemy shooting or assault (but not as a result of a failed Unit Last Stand Check), roll a Motivation test for that Unit Leader Team. This test can never be re-rolled for any reason.

If they pass the Motivation test, it fights on as an Unknown Hero.

On any other roll, the Unit Leader Team is Destroyed as normal and you roll again to discover your hero the next time a Unit Leader Team is Destroyed.

Once you have found your Unknown Hero, stop rolling. There can only be one Unknown Hero in your company in each game.

If the Unknown Hero is an Infantry Team, bring the Team back into play. If the Unknown Hero was a Tank Team, the

hero transfers to any other tank in his Unit that is within 6"/15cm making that the Unit Leader Team. If no suitable tank is within 6"/15cm, the Unknown Hero is removed from the game.

An Unknown Hero and any Unit led by him always pass Motivation Tests on a roll of 2+. If the Unknown Hero is Destroyed while leading a Unit, the Unit will continue to take Motivation tests as if led by the Unknown Hero.
